**Reading Comprehension 1: Read the text and answer the questions. (5)**

People are more concerned about the environment as a result of harmful effects of human activity. Some of these activities cause pollution and some are destroying the environment. Sprays can harm the Ozone Layer. Smoke from factories can cause acid rain containing dangerous chemicals. The increase in carbon dioxide in the atmosphere can cause an increase in the world temperature. Cutting down the trees, wasting resources, and polluting the sea and the rivers by industrial waste will have damaging results to our planet.

43. According to the text, sprays-----the Ozone Layer  
a. protect                      b. change                      c. enhance                      d. damage
44. The planet's warming is the result of-----.  
a. dangerous chemicals                      b. smoke from factories  
c. an increase in carbon dioxide                      d. industrial waste
45. Acid rain is formed from-----.  
a. wasting resources                      b. cutting down trees  
c. sea and river pollution                      d. smoke from factories
46. We can guess from the context that the word "waste" in the 7 refers to-----  
a. materials thrown away                      b. additions  
c. sources                      d. chemical substances
47. -----is a layer above the earth's surface that protects the earth from harmful rays from the sun.

**Reading 2:(5)**

Speaking a foreign language is what most people want. Every year many people start learning one. Some people try at home with books and tapes. Some use the radio or TV Programs; thousands go to the evening classes. If they use the language only 2 or 3 times a week, it will take some time to learn a language like language learning at school. Some try to learn it fast by studying 6 hours or more a day.

Some travel to the country where the language is spoken to learn it. However, most don't have enough money to go abroad. Some people need to read language to do their work better. For example, students, doctors, and scientists need to read foreign books and reports. Laboratories, good books and tapes will help to learn as it is hard, but nothing can be as effective as a good teacher.

48. Language learning at school-----  
a. almost takes a long time  
b. does not prepare children for life  
c. is the quickest way to learn a language  
d. is harder than language learning at home
49. According to the text, most people do not have enough money to-----.  
a. do their work better                      b. go to the evening language classes  
c. read foreign books and reports                      d. travel to English-speaking countries

50. We understand from the text that learning a language by-----is the most effective way.

- a. the use of labs and tapes                      b. the help of a good teacher  
c. traveling to other countries                  d. good books and reports

51. Based on the text, learning a foreign language isn't difficult.

- a. True              b. False              c. Not mentioned

52. How do some people try to learn a language fast?

-----.

**Sentence Function: Choose the best function for each sentence. (1.5)**

**(Instructing-Defining- Explaining-Restating)**
